

# Fundamental Freedoms?

**Directions:** Using a copy of the Bill of Rights, list the specific rights or freedoms guaranteed by each amendment. The number of blanks corresponds to the number of freedoms.

Next, circle those rights which you think are “fundamental freedoms.” Circle as many or as few as like, but be prepared to defend your selections.

When you are done, use **Handout D: Incorporation Cases** to determine which of these freedoms have been incorporated against the states. Circle “Yes” or “No” in the column.
